

Week Ending: May 10, 2019

Witte Thoughts for the Commission

"Sometimes things become possible if we want them bad enough."

T.S. Eliot

Vice Mayor Burton and Mark Shuttleworth on the Front Page of the West Volusia Beacon on Thursday!

A fantastic picture of Vice Mayor Burton and Mark Shuttleworth on the front page of the West Volusia Beacon on the 9th of May.

Shining a light on West Volusia

Work progresses on historic Wright Building

INSPECTION — Mark Shuttleworth, right, and Vernon Burton, vice mayor of Lake Helen and a member of Greater Union First Baptist Church, examine the original wooden beams that hold up the roof of the J.W. Wright Building, surrounded by bolsters that hold up the ceilings. One such original wooden beam, on the west side of the building, is a whopping 35 feet long. Restorers were surprised to find the 6-inch-by-11-inch heart-pine beam was in excellent shape.

Upcoming Meetings & Events
